The shower oil Star has a pleasant, slightly magical scent. Warm sweet cinnamon combined with orange and star anise, together with pine and amyris can evoke the atmosphere of Christmas.

**Main ingredients:** Vegetable oils, e.g. almond, soybean, walnut, jojoba. Essential oils – orange, pine, amyris, cinnamon, star anise. Emulsifier. Lecithin. Vegetable colorants. Vitamins, e.g. A, E, F.

**Application:** After the shower – moistening the complexion of the body - put a few drops of shower oil on the wet skin and work in gently. Leave the formed emulsion work for a while and then wash off. During the application of this product appears no foam but milky emulsion. These products are exceptionally economical because you will need only about 30 drops of shower oil per shower. A higher amount isn't necessary as the cleaning effect would remain the same. Using the right amount (1 ml, i.e. approximately 30 drops for an adult), the 200 ml package will last for up to 200 showers and corresponds up to 4 litres of body lotion!
