Lecithin-based regenerative creams represented a milestone in skin care. Lecithin creams are preparations free from chemical preservatives and emulsifiers. Lecithin functions as emulsifier in these creams, making their consistency light, creamy, even velvety. Lecithin creams benefit all types of skin, which they provide with strong regeneration, and may tackle wrinkle formation or optimize skin hydration. In fact, the one problematic trait of eye skin is its low production of sebum, which might mean premature aging and crow's feet. This is why LECI CARRE, the lecithin eye cream, is to bolster the ranks of eye creams. As well as Leciderma lecithin creams, LECI CARRE too has light, velvety consistency made possible by its unique formula. LECI CARRE IS a neutral preparation with a nice, light fragrance, suitable for very sensitive skin. It is easy to apply, it absorbs really well, not leaving the skin oily or shiny. You will find this particularly useful during your morning routine. Just a few short minutes and you can follow up with your everyday eye make-up.

A very mild, vitamin-rich lecithin cream for the delicate eye skin. It is made without essential oils, which allows you to create a special preparation by adding essential oils of your own choice.

Main ingredients: Vegetable oils: jojoba, wheat germ, evening primrose, shea butter. Lecithin. Beeswax. Emulsifiers. Vitamins A, E, F. Beta-carotene, panthenol. Glycerin. Distilled water.

Application: Apply a very small amount of the cream on the skin of the eye areas ideally for the night, and work in very, very gently.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

INCI: Aqua, Butyrospermum parkii Butter, Lecithin, Cetyl alcohol, Simmondsia chinensis Seed Oil, Triticum vulgare Germ Oil, Rosa canina Fruit Oil, Panthenol, Cetyl palmitate, Oenothera biennis Oil, Cera flava, Glycerin, Squalane, Tocopheryl acetate, Lactic Acid, Urea, Xanthan gum, Retinyl palmitate, Thymus vulgaris Flower/Leaf Oil, Thymus serpyllum Oil, Salvia officinalis Oil, Lavandula hybrida Oil, Rosmarinus officinalis Leaf Oil, Eugenia caryophyllus Flower Oil, Citrus limon Peel Oil, Rosa damascena Flower Oil, Piper nigrum Fruit Oil, Allantoin, Beta-carotene

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
