Neroli, a herbal regenerative cream, represents another excellent facial skin care preparation. High-quality vegetable oils guarantee an increased penetration of active ingredients into the skin. This vitamin preparation contributes to the regeneration of the skin and to its vitality.

It is suitable for all skin types. Being mild, it can also be described as a special preparation for sensitive skin.

A cream with a very pleasant, unmistakable fragrance of the neroli essential oil with calming and refreshing effects. It encourages skin cell regeneration. It protects the skin from adverse environmental effects. It keeps the skin supple. It induces feelings of pleasure.

Main ingredients: Vegetable oils: almond, soybean, jojoba, borage. Beeswax. Lecithin. Essential oils: neroli, orange leaf. Emulsifiers.

Vitamins: A, E, F. Beta-carotene, panthenol. Glycerin. Distilled water.

Application: Wash your face and apply the required amount of the regenerative cream on the skin, working in gently. The skin is not shiny after application.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.
