

Code: 2302

The NATURALIA vitamin cream represents a high quality carrier cream, which can be enhanced by adding various active ingredients and essential oils based on specialist advice or a client's requirements. Any cream can be prepared this way with the required concentration of active ingredients.

The cream is suitable for the skin care for people who may have experienced some inconvenience using creams containing essential oils. NATURALIA is particularly suitable for face care.

Main ingredients: Vegetable oils: almond, walnut, jojoba, sesame, wheat germ, etc. Shea butter. Beeswax. Lecithin. Emulsifiers. Vitamins A, E, F. Beta-carotene, panthenol. Lactic acid, glycerin. Distilled water.

Tip: By adding a particular essential oil or plant extract, you can make your own cream. The amount of the essential oil you use ranges from 5 to 15 drops per 50 ml of cream, depending on the skin's sensitivity, the type of essential oil and the required effects.

Application: Apply to the skin as required.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

INCI: Aqua, Cetearyl alcohol, Juglans regia Seed Oil, Glycine soja Oil, Butyrospermum parkii Butter, Prunus amygdalus Dulcis Oil, Sesamum indicum Seed Oil, Glycerin, Simmondsia chinensis Seed Oil, Triticum vulgare Germ Oil, Panthenol, Sodium cetearyl sulfate, Lecithin, Tocopheryl acetate, Cera flava, Lactic Acid, Retinyl palmitate, Thymus vulgaris Flower/Leaf Oil, Salvia officinalis Oil, Lavandula hybrida Oil, Thymus serpyllum Oil, Rosmarinus officinalis Leaf Oil, Eugenia caryophyllus Flower Oil, Piper nigrum Fruit Oil, Citrus limon Peel Oil, Rosa damascena Flower Oil, Allantoin, Melaleuca alternifolia Leaf Oil, Beta-carotene

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
