GOTHEA AMO includes one of the herbs which can be described as traditional. It is Arnica montana. Thanks to arnica and other ingredients, the preparation has apart from unique regenerative effects also anti-inflammatory and soothing effects. GOTHEA AMO is also effective when it comes to minor puffiness around the eyes. This lecithin emulsion actively penetrates the skin, strengthening the lining of damaged capillaries. This property also makes this fluid ideal for application to skin redness or skin affected by spider veins. GOTHEA AMO has proved effective in treating some forms of dermatitis. In principle, however, GOTHEA AMO is designed for everyday skin care and regeneration. Its trademark fragrance is produced by rose, creeping thyme, lemon, and clove.

**Main ingredients:** Lecithin. Vegetable oils: wheat germ, jojoba, arnica. Essential oils: rose, ylang-ylang, grapefruit. Vitamins A, E and C. Panthenol.

**Application:** There's a touch of class to this preparation as well with its glass packaging topped off by a dispenser. This way application becomes easier than it is from regular boxes.
