

OLIVE SPF 6

Regenerative cream for sensitive skin with protection factor

Code: 2019

The main component of the cream is olive oil and shea butter. These vegetable components have a mildly seductive, even exotic fragrance. The preparations themselves – regenerative olive creams – have a mild consistency, are easily spreadable and absorb well. They don't give the skin a greasy feeling after application. With regular use, the skin becomes more soft and supple. A higher oil content makes the cream particularly suitable for use in adverse climatic or weather conditions, in cold, windy weather and inversely in a dry sunny climate. We recommend it for very sensitive, dry and mature skin. The SPF 6 variety is particularly suitable for the summer season as an active protection against UV radiation.

Main ingredients: Vegetable oils: olive, almond, jojoba, sesame, wheat germ. Shea butter. Beeswax. Emulsifiers. Vitamins: A, E, F. Beta-carotene, panthenol. Glycerin. Lactic acid. Distilled water.

Application: Wash your face, apply the required amount of the herbal regenerative cream on the skin and work in gently. The skin is not shiny after application.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

Warning: The preparations are not produced using olive butter, which we do not consider as an appropriate ingredient, as it is not a natural product, but olive oil with a chemically altered (hydrogenated) molecule. This gives olive oil a buttery consistency.

INCI: Aqua, Butyrospermum parkii Butter, Sorbitan Oleate, Octocrylene, Olea europaea Fruit Oil, Cetyl palmitate, Cera flava, Glycerin, Butyl Methoxydibenzoylmethane, Panthenol, Canola Oil, Methoxy PEG-22/Dodecyl Glycol Copolymer, Polyglyceryl-3 Diisostearate Emulsifier, Simmondsia chinensis Seed Oil, Triticum vulgare Germ Oil, Tocopheryl acetate, BIS-Ethylhexyloxyphenol Methoxyphenyl triazine, Urea, Lecithin, Sesamum indicum Seed Oil, Prunus amygdalus Dulcis Oil, Retinyl palmitate, Thymus vulgaris Flower/ Leaf Oil, Thymus serpyllum Oil, Lavandula hybrida Oil, Eugenia caryophyllus Flower Oil, Citrus limon Peel Oil, Salvia officinalis Oil, Rosmarinus officinalis Leaf Oil, Rosa damascena Flower Oil, Piper nigrum Fruit Oil, Lactic Acid, Magnesium sulfate, Allantoin, Melaleuca alternifolia Leaf Oil, Beta-carotene

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
