

ROSEWOOD HYDROPHILIC OIL

Hydrophilic oil with rosewood fragrance for make-up removal and dry skin cleansing

Code: 1305

The hydrophilic oil contains a very delicate essential oil from the Brazilian tree *Aniba rosaeodora*. Its active ingredients make it suitable for all skin types, especially for sensitive, dry and mature skin. The active ingredients of rosewood essential oil are known for their harmonizing and regenerative properties. They provide thorough yet gentle skin cleansing. They preserve the natural protective layer of the skin. They don't make the skin dry.

Main ingredients: Vegetable oils: almond, wheat germ, walnut. Essential oils: rosewood. Lecithin. Vitamins A, E, F. Emulsifiers.

Application: Briefly rub in several drops of the hydrophilic washing oil to damp skin and wash thoroughly with tepid water. Should you require further toning or subsequent moisturizing, we suggest face lotions and tonics according to their specifications.

Tip: After applying hydrophilic oils, we suggest following up with regenerative facial oils or creams.
