ARNICA regenerative oil can be designated as a special product, ideal for combination skin. Thanks to arnica, this preparation has excellent anti-inflammatory effects, promotes minor injury healing and is effective against swelling. It relaxes, increases blood flow and optimizes the functions of the skin.

Owing to the selected ingredients, the preparation may help to boost metabolic processes and keep the complexion supple and flexible. The active ingredients have antiseptic and deodorant properties. They return a youthful look to the tired complexion and prevent wrinkle formation. They provide complex protection against negative environmental effects. Regenerative oils also provide long-lasting hydration.

**Main ingredients:** Vegetable oils: sesame, soybean, walnut, borage. Lecithin. Essential oils: rosemary. Vitamins A, E, F.

**Application:** Having washed your face, apply a few drops of the oil on the moist complexion and gently massage the forming emulsion into the skin. Facial oils are very economical compared to creams – 30 ml of regenerative oil corresponds to 150 ml of a regular cream. The skin doesn't look oily after application. It is suitable for all skin types.

**Information:** Regenerative facial oils have a protection factor of at least 2, which prevents premature skin aging due to ultraviolet radiation.

**INCI:** Sesamum indicum Seed Oil, Glycine soja Oil, Arnica montana Flower Extract, Juglans regia Seed Oil, Borago officinalis Oil, Tocopheryl acetate, Lecithin, Rosmarinus officinalis Leaf Oil, Retinyl palmitate

**Storage:** The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10°C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
