

NEUTRAL
Regenerative facial oil

Code: 1911

A regenerative oil for extremely sensitive skin. The formula consists of fine vegetable oils, rich in vitamins and biologically active ingredients. The preparation may give your metabolism a boost and keep your skin supple and flexible. The active ingredients have antiseptic and deodorant properties. They return a youthful look to the tired complexion and prevent wrinkle formation. They provide complex protection against negative environmental effects. Regenerative oils also provide long-lasting hydration.

Main ingredients: Vegetable oils: sesame, jojoba, wheat germ, borage, evening primrose, almond. Lecithin. Vitamins A, E, F.

Application: Having washed your face, apply a few drops of the oil on the moist complexion and gently massage the forming emulsion into the skin. Facial oils are very economical compared to creams – 30 ml of regenerative oil corresponds to 150 ml of a regular cream. The skin doesn't look oily after application. It is suitable for all skin types. The oils don't produce any adverse effects and are tolerated even by very sensitive skin.

Tip: It is also suitable for the most sensitive skin types, but its primary purpose is the one of a carrier regenerative oil for people who wish to prepare their own special blends by adding essential oils of their own choice.

Information: Regenerative facial oils have a protection factor of at least 2, which prevents premature skin aging due to ultraviolet radiation.
