

TEA TREE

Tea tree regenerative cream for skin with acne

Code: 2029

A multiactive cream containing natural essential oil from the Australian tea tree *Melaleuca alternifolia*, known for its outstanding anti-inflammatory, antifungal and healing effects. The cream is particularly useful for problematic skin prone to acne.

Thanks to the selected ingredients, it makes the skin supple. It may be applied on skin with minor surface injuries, scrapes, or after insect bites. The cream may help when tackling skin infections and fungi.

Main ingredients: Vegetable oils: walnut, soybean, jojoba. Unbleached beeswax. Lecithin. Tea tree essential oil. Emulsifiers. Vitamins A, E, F. Beta-carotene, panthenol. Glycerin. Distilled water.

Application: Wash your face and apply the required amount of the regenerative cream on the skin, working it in gently. The skin is not shiny after application.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

INCI: Aqua, Glycine soja Oil, Cetearyl alcohol, Juglans regia Seed Oil, Glycerin, Simmondsia chinensis Seed Oil, Melaleuca alternifolia Leaf Oil, Cera flava, Lecithin, Panthenol, Sodium cetearyl sulfate, Tocopheryl acetate, Urea, Lactic Acid, Thymus vulgaris Flower/Leaf Oil, Lavandula hybrida Oil, Citrus limon Peel Oil, Rosa damascena Flower Oil, Thymus serpyllum Oil, Salvia officinalis Oil, Eugenia caryophyllus Flower Oil, Rosmarinus officinalis Leaf Oil, Piper nigrum Fruit Oil, Retinyl palmitate, Allantoin, Beta-carotene

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
