

**NEUTRAL**  
**Lipio serum**

Code: 1950

A lipio serum is a regenerative preparation of a whole new kind. Its ingredients are known to optimize skin functions including sebaceous gland activity. They regenerate and soften the skin and have anti-inflammatory properties – regular application may also lighten hyperpigmentation; they protect against UV radiation.

It has become the company's tradition to introduce a basic version of many preparations, that is one without essential oils. This makes it possible to create a preparation of one's own either to please one's senses or with specific therapeutic purposes in mind. In certain circumstances, however, the neutral LIPIO SERUM may come in useful.
