

DERMISOFT
Base cream

Code: 2301

DERMISOFT works as a basic, active ingredient carrier. It does not contain a high degree of expensive vitamin additives. It only contains vitamins which are part of the used ingredients. DERMISOFT can be applied to all parts of the body.

Main ingredients: Vegetable oils: canola, walnut, soybean, jojoba, shea butter, beeswax. Lecithin. Emulsifiers. Vitamins A, E, F. Beta-carotene, panthenol. Lactic acid, glycerin. Distilled water.

Tip: By adding a particular essential oil or plant extract, you can make your own cream. The amount of the essential oil you use ranges from 5 to 15 drops per 50 ml of cream, depending on the skin's sensitivity, the type of essential oil and the required effects.

Application: Apply as required after treating the skin with a face lotion.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

INCI: Aqua, Cetearyl alcohol, Glycine soja Oil, Canola Oil, Juglans regia Seed Oil, Glycerin, Butyrospermum parkii Butter, Simmondsia chinensis Seed Oil, Panthenol, Sodium cetearyl sulfate, Cera flava, Lecithin, Tocopheryl acetate, Lactic Acid, Thymus vulgaris Flower/ Leaf Oil, Lavandula hybrida Oil, Thymus serpyllum Oil, Rosmarinus officinalis Leaf Oil, Salvia officinalis Oil, Eugenia caryophyllus Flower Oil, Citrus limon Peel Oil, Rosa damascena Flower Oil, Piper nigrum Fruit Oil, Retinyl palmitate, Allantoin, Melaleuca alternifolia Leaf Oil, Beta-carotene

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
