

Code: 1917

The compelling fragrance of Bulgarian rose oil – one of the most expensive on the market – and its soothing and regenerative effects make it well suited for all skin types, particularly for sensitive skin. An excellent regenerative oil with soothing effects.

The preparation may give your metabolism a boost and keep your skin supple and flexible. The active ingredients have antiseptic and deodorant properties. They return a youthful look to the tired complexion and prevent wrinkle formation. They provide complex protection against negative environmental effects. Regenerative oils also provide long-lasting hydration.

Main ingredients: Vegetable oils: borage, jojoba, evening primrose, rose hip, wheat germ. Lecithin. Essential oils: rose. Vitamins A, E, F.

Application: Having washed your face, apply a few drops of the oil on the moist complexion and gently massage the forming emulsion into the skin. Facial oils are very economical compared to creams – 30 ml of regenerative oil corresponds to 150 ml of a regular cream. The skin doesn't look oily after application. It is suitable for all skin types. The oils don't produce any adverse effects and are tolerated even by very sensitive skin.

Information: Regenerative facial oils have a protection factor of at least 2, which prevents premature skin aging due to ultraviolet radiation.

INCI: Prunus amygdalus Dulcis Oil, Simmondsia chinensis Seed Oil, Triticum vulgare Germ Oil, Borago officinalis Seed Oil, Oenothera biennis Oil, Rosa canina Fruit Oil, Butyrospermum parkii Oil, Olea europaea Fruit Oil, Tocopheryl acetate, Lecithin, Rosa damascena Flower Oil, Retinyl palmitate, Citronellol, Geraniol, Eugenol, Citral, Linalool

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10°C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
