

Code: 2050

Preparations bearing the Karel Hadek logo aren't chemically preserved and many are also designed for sensitive skin. SENSISHEA is a preparation suitable precisely for very sensitive skin.

It optimizes the functioning of the skin. It protects the skin from adverse environmental effects. Thanks to the ingredients used, it has a protection factor of 3. It very actively softens the skin.

Main ingredients: Shea butter, jojoba oil, almond oil, macadamia oil, linseed oil, borage oil. Lecithin. Vitamins A, E, F. Beta-carotene. Essential oils: lavender, juniper, sandalwood, rose, helichrysum.

Application: After cleansing the skin ideally with HYDROPHILIC OIL NEUTRAL, tone using an appropriate face lotion. Then apply a small amount of SENSISHEA. On a cold or a frosty day, apply not on moist skin, but on dry skin, or half an hour before going out.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

INCI: Butyrospermum parkii Butter, Simmondsia chinensis Seed Oil, Prunus amygdalus Dulcis Oil, Macadamia ternifolia Seed Oil, Linum usitatissimum Seed Oil, Sorbitan Oleate, Tocopheryl acetate, Borago officinalis Seed Oil, Lecithin, Lavandula angustifolia Oil, Juniperus communis Fruit Oil, Santalum album Oil, Anthemis nobilis Flower Oil, Cananga odorata Flower Oil, Retinyl palmitate, Beta-carotene, Rosa damascena Flower Oil, Helichrysum italicum Flower Oil

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
