

LECITINIA BODY BALM
Lecithin-based balm for body care

Code: 2070

A lecithin body balm with a light consistency similar to body lotion. Mr. Karel Hadek long resisted, but the demand was very high and an idea did come in the end for a preparation consisting of oils instead of water. It consists of lecithins, vegetable oils, and vitamins. It is produced as a neutral variety without essential oils, endowed with a light fragrance by its ingredients. The balm works well for all skin types. It owes its mildness to a high proportion of shea butter, famous for its amazing skin-softening qualities. This is what allows Lecitinia Body Balm to be applied to delicate the skin of children as well as to the skin affected by atopic dermatitis or psoriasis.

Main ingredients: Shea butter. Vegetable oils: jojoba, macadamia, wheat germ. Beeswax. Lecithin. Vitamins A, E.

Application: The body balm is applied to the skin, it may also be applied to moist skin.

Tip: Should you be missing any essential oils in this preparation, you can add them by yourself according to your own needs and choice.
