

Code: 1980

Skin care is as important for men as it is for women. Many men will use shaving foams, gels and follow it up by an aftershave high in alcohol. This way they may disinfect the skin, which is offset, however, by drying out and irritating the skin. LIPIO KARLOFF disinfects the skin, optimizes sebaceous gland activity and contributes to regenerating its physiological functions.

Application: Apply an adequate amount to the skin and rub in gently. The preparation can be used daily. Applying it post shave is not the only option. The balm may also be applied to unshaved skin.

Main ingredients: Vegetable oils: almond, castor. Essential oils: sandalwood, benzoin, jasmine, cedar. Lecithin. Vitamin E. Alcohol. Glycerin

INCI: Aqua, Alcohol, Lecithin, Glycerin, Prunus amygdalus Dulcis Oil, Panthenol, Ricinus communis Seed Oil, Tocopherol, Citrus aurantium amara Leaf/Twig Oil, Cedrus atlantica Bark Oil, Thymus serpyllum Oil, Santalum album Oil, Jasminum officinale Oil, Styrax benzoin Gum, Citrus aurantium amara Flower Oil, Lactic Acid, Urea, Allantoin, Xanthan gum

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
