GOTHEA DREAM regenerative fluid is an exclusive product suitable for mature skin. Olive oil, wheat germ oil, rose hip seed oil and lecithin create a gentle lecithin emulsion. Thanks to the contained ingredients supported by the effect of vitamin E, it regenerates the skin. With its composition and its physiological impact on the skin, it can reduce the appearance of wrinkles. The product is suitable not only for mature skin but also for skin which is exposed to the sun in the long term. GOTHEA DREAM is no sun protection product.

Main ingredients: Lecithins. Vegetable oils: e.g. wheat germ oil, olive oil, rose hip seed oil. Essential oils: sandalwood oil, rose oil and juniper oil. Vitamins E and A.

Application: Apply 2–3 doses on the skin previously treated with a face lotion or toner once or twice a day. Massage this emulsion into the skin. The fluid is also suitable for application to the eye area.
