

HYDROPHILIC SHAVING OIL
Hydrophilic oil for skin care during shaving

Code: 1301

Aromatherapeutic cosmetics for men is introduced to our range by the hydrophilic shaving oil. The oil is applied on wet complexion, creating a milky emulsion. The essential oils contained in the oil base are beneficial for skin soothing after shaving, and their anti-inflammatory compounds may facilitate a quicker healing of minor injuries which may occur during a „wet shave“. HYDROPHILIC SHAVING OIL will be appreciated particularly by men with sensitive, inflammation-prone skin. Shaving and subsequent skin care is done just by using this single preparation. After shaving, you will experience an agreeable feeling of smooth and supple complexion. The oil has a very pleasant, spicy scent of sandalwood and cananga. It makes facial hair tender after application, facilitating a smooth shave. It makes the complexion smoother and more supple. The ingredients may produce anti-inflammatory, deodorant and astringent effects. Unlike shaving foams and soaps, it doesn't dry the skin.

Main ingredients: Vegetable oils: almond, walnut, wheat germ. Lecithin. Emulsifier. Essential oils: patchouli, amyris, orange leaf, etc. Vitamins A, E, F. Chlorophyll.

Application: Put 15–20 drops of HYDROPHILIC SHAVING OIL on wet complexion, spreading around gently, and leave it to work for a while. Then shave with a razor. Wash away the remaining emulsion. This simple procedure will do a great deal for your complexion. In the long-term, you will appreciate the beneficial effects of this preparation. Shaving will no longer mean bleeding and frequent treatment of minor injuries.

Tip: If the skin is easily inflamed, you can increase the preparation's anti-inflammatory effects by adding 1-3 % of tea tree essential oil.

INCI: Glycine soja Oil, Laureth-4, Juglans regia Seed Oil, Lecithin, Simmondsia chinensis Seed Oil, Triticum vulgare Germ Oil, Butyrospermum parkii Oil, Prunus amygdalus Dulcis Oil, Sesamum indicum Seed Oil, Amyris balsamifera Bark Oil, Citrus aurantium amara Leaf/Twig Oil, Pogostemon cablin Leaf Oil, Thymus serpyllum Oil, Tocopheryl acetate, Retinyl palmitate, Chlorophyll
